

TECHNICAL DATA SHEET

PRODUCT NAME: TKB'S FILM FIX

- **Features & Advantages**
- Mild film former
 - Water resistant effect
 - Non transfer effect

- **Applications**
- Make-up
 - Suscreen

■ **Percentage of use** 0.5-10 %

■ **INCI name** ISODODECANE (AND) ACRYLATES/
DIMETHICONE COPOLYMER

■ Characteristics

Properties	Unit	Values	Standard method / condition
Appearance (color)		Colorless to light yellow	Visual observation
Appearance (transparency)		Transparent to slightly hazy	Visual observation
Appearance (texture)		Liquid	Visual observation
Percentage of active raw material	%	40	
Viscosity	mm ² /s	100-3,000	Cannon fenske viscosimeter

(Not specific values)

■ Solubility / compatibility	Information not available.
■ Processing (How to use)	The product is ready to use.
■ Storage and guarantee term	<p>When stored in its original unopened packaging, at a temperature of less than 25°C, KP-550 can be stored for 6 months after the date of shipment from Japan.</p> <p>Storage after this period does not mean that the product cannot be used anymore, provided the cured parts can pass the quality inspection.</p>
■ Safety	Please consult our MSDS.

Warning to users

- The data and information presented in this document may not be relied upon to represent standard values. TKB Trading reserves the right to change such data and information, in whole or in part, in this document, including product performance standards and specifications without notice.
- Users are solely responsible for making preliminary tests to determine the suitability of products for their intended use. Statements concerning possible or suggested uses made herein may not be relied upon, or be construed, as a guaranty of no patent infringement.
- The silicone products described herein have been designed, manufactured and developed solely for general industrial use only; such silicone products are not designed for, intended for use as, or suitable for, medical, surgical or other particular purposes. Users have the sole responsibility and obligation to determine the suitability of the silicone products described herein for any application, to make preliminary tests, and to confirm the safety of such products for their use.
- Users must never use the silicone products described herein for the purpose of implantation into the human body and/or injection into humans.
- Users are solely responsible for exporting or importing the silicone products described herein, and complying with all applicable laws, regulations, and rules relating to the use of such products. TKB Trading, LLC recommends checking each pertinent country's laws, regulations and rules in advance, when exporting or importing, and before using, the products.
