**CA PROP 65 STATEMENT - TKB ESSENTIAL OILS**

This document applies to: TKB Lavender, Tea Tree, Eucalyptus, Pure Peppermint, Zesty Lemon and Citrus Orange Essential Oils:

As stated by manufacturer,

“California’s law known as Proposition 65 states that ‘No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual.’ California has promulgated a list of hundreds of chemicals covered by Proposition 65, many of which are naturally occurring in the environment. Testing for all of them, especially given their naturally occurring presence in the environment, is inefficient, and there are numerous factors relevant to the application of Proposition 65 which are beyond our control.”
