SAFETY DATA SHEET

GHS Revision 7 | OSHA HazCom 29 CFR 1910.1200 | Revision Date: November 12, 2026

SECTION 1: IDENTIFICATION

Product Name:	Color Changing Lip Base - Ph Reactive
Intended Use:	Lip color base; pH-reactive color cosmetic
Supplier:	TKB Trading, LLC
Address:	1101 9th Avenue, Oakland, CA 94606, USA
Email:	support@tkbtrading.com
Emergency Telephone:	Poison Control Hotline: 1-800-222-1222
SDS Revision Date:	November 12, 2026

SECTION 2: HAZARD IDENTIFICATION

GHS Classification:	This product is NOT classified as hazardous under OSHA HazCom 29 CFR 1910.1200 / GHS Rev 7.
Signal Word:	None
GHS Pictograms:	None
Hazard Statements:	None
Precautionary Statements:	P102: Keep out of reach of children. P262: Do not get in eyes, on skin, or on clothing.
Other Hazards:	Direct eye contact may cause temporary watering or irritation. Possible skin dryness with over-exposure. Hazards not otherwise classified (HNOC): None.

SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS

Mixture.

INCI / Chemical Name	CAS No.	GHS Classification
Mineral Oil	8042-47-5	Not classified
Polybutene	9003-29-6	Not classified
Caprylic/Capric Triglyceride	73398-61-5	Not classified
Ethylene/Propylene/Styrene Copolymer	66070-58-4	Not classified
Butylene/Ethylene/Styrene Copolymer	68648-89-5	Not classified
Pentaerythrityl Tetra-di-t-butyl Hydroxyhydrocinnamate	6683-19-8	Not classified
Caprylyl Glycol	1117-86-8	Not classified
Phenoxyethanol	122-99-6	Acute Tox. 4 (Oral)
Hexylene Glycol	107-41-5	Not classified
Red 27 (CI 45410)	13473-26-2	Eye Irrit. 2B; Acute Tox. 5

Red 27 component hazards are listed based on ingredient classification. At the concentration used, the mixture does not meet GHS classification thresholds.

SECTION 4: FIRST AID MEASURES

Skin Contact: Wash affected area with soap and water. Remove contaminated clothing and launder before reuse. If irritation persists, seek medical attention.

Eye Contact: Rinse cautiously with water for at least 15 minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists, seek medical attention.

Inhalation: Remove person to fresh air. Keep in a comfortable breathing position. Call Poison Control (1-800-222-1222) if unwell.

Ingestion: Do NOT induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. Contact Poison Control (1-800-222-1222) or a physician immediately.

Most Important Symptoms: Possible temporary eye irritation or skin dryness with excessive exposure.

SECTION 5: FIRE FIGHTING MEASURES

Suitable Extinguishing Media: CO2, dry chemical powder, water spray, alcohol-resistant foam.

Unsuitable Media: High-volume water jet directed at liquid.

Special Hazards: Thermal decomposition may produce carbon oxides and hydrocarbons.

Fire Fighting PPE: Self-contained breathing apparatus (SCBA) and full protective gear.

Flash Point: >100 degrees C (calculated); combustible liquid.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions: For large spills: wear nitrile or vinyl gloves, safety glasses/goggles, and protective clothing. Respiratory protection typically not required; evaluate based on spill size and ventilation.

Environmental Precautions: Prevent discharge to drains, soil, surface water, or groundwater.

Containment/Cleanup: Dike and contain free liquid. Absorb on vermiculite or spill pads. Place in UN-specification containers for disposal. Wash area with water. Avoid slick surfaces. Dispose per Section 13.

SECTION 7: HANDLING AND STORAGE

Handling: Use appropriate PPE in manufacturing environments (see Section 8). Maintain clean work area.

Storage: Store in a well-ventilated area. Keep containers tightly closed when not in use. Store away from oxidizers, acids, and bases. Recommended storage: 15-30 degrees C.

SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION

Occupational Exposure Limits: No specific OELs established for this mixture. Refer to individual ingredient OSHA PELs / ACGIH TLVs as applicable.

Engineering Controls: Not required for consumer use. For large-scale manufacturing: adequate general ventilation or local exhaust ventilation.

Eye/Face Protection: Not required for consumer use. For large quantity handling: safety glasses with side shields or chemical goggles.

Skin/Body Protection: Not required for consumer use. For manufacturing: nitrile or vinyl gloves; Tyvek clothing for large volumes.

Respiratory Protection: Not required for consumer use. For manufacturing where OELs may be exceeded, use an appropriate respirator per OSHA 29 CFR 1910.134.

Hygiene Measures: Wash hands thoroughly after handling. Do not eat, drink, or smoke when using this product.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Clear to slightly hazy viscous liquid

Color: Pink/Red (pH-reactive; colorless at low pH)

Odor: Characteristic, mild

Odor Threshold: Not determined

pH: Not applicable (anhydrous)

Melting/Freezing Pt: Not determined

Boiling Point: Not determined

Flash Point:	>100 degrees C (calculated)
Evaporation Rate:	Not determined
Flammability:	Not flammable
Vapor Pressure:	Not determined
Vapor Density:	Not determined
Relative Density:	0.95 - 1.05
Solubility in Water:	Insoluble
Partition Coeff.:	Not determined
Auto-ignition Temp:	Not determined
Viscosity:	High viscosity gel-like liquid

SECTION 10: STABILITY AND REACTIVITY

Reactivity:	No dangerous reactions known under normal conditions of use.
Chemical Stability:	Stable under recommended storage and handling conditions.
Conditions to Avoid:	Extreme heat, open flames, direct sunlight.
Incompatible Materials:	Oxidizing agents, strong acids, strong bases.
Hazardous Decomposition:	Thermal degradation may produce carbon oxides, hydrocarbons, silicone derivatives.
Hazardous Polymerization:	Will not occur.

SECTION 11: TOXICOLOGICAL INFORMATION

Acute Oral Toxicity:	Not acutely toxic based on ingredient data. Oral LD50 (est.): >5,000 mg/kg (rat).
Acute Dermal Toxicity:	Not acutely toxic based on ingredient data. Dermal LD50 (est.): >5,000 mg/kg.
Acute Inhalation Toxicity:	Not acutely toxic by inhalation based on ingredient data.
Skin Irritation:	Not expected to cause skin irritation under normal conditions of use.
Eye Irritation:	May cause temporary mild eye irritation; not classified as a GHS eye irritant for the mixture.
Skin Sensitization:	Not expected to be a skin sensitizer based on ingredient data.
Respiratory Sensitization:	No data available.
Carcinogenicity:	Not listed by NTP, IARC, or OSHA as a carcinogen.
Mutagenicity:	Not considered mutagenic based on available data.
Reproductive Toxicity:	Not considered a reproductive toxin based on available data.
STOT - Single Exposure:	Not classified.
STOT - Repeated Exposure:	Not classified.

Aspiration Hazard: Not classified.

SECTION 12: ECOLOGICAL INFORMATION

Ecotoxicity: Environmental impact not fully investigated. Not expected to be acutely toxic to aquatic organisms.

Persistence/Degradability: No information available.

Bioaccumulation: No information available.

Mobility in Soil: No information available.

Other Adverse Effects: None known.

SECTION 13: DISPOSAL CONSIDERATIONS

Waste Disposal: As manufactured, this product does not exhibit RCRA characteristics of hazardous waste. Dispose of contents and container in accordance with local, regional, and national regulations. Use appropriate US DOT-compliant containers.

SECTION 14: TRANSPORT INFORMATION

UN Number: Not regulated

UN Proper Ship. Name: Not regulated

Transport Hazard Class: Not regulated

Packing Group: Not applicable

DOT (Land): Not regulated. Per 49 CFR 173.150(f), product is a combustible liquid exempt from DOT Hazardous Materials Regulations in consumer packaging. Containers >450 L (119 gal): Not regulated.

IATA / ICAO (Air): Not regulated (consumer and non-consumer packaging).

IMDG / IMO (Sea): Not regulated (consumer and non-consumer packaging).

Marine Pollutant: Not determined.

SECTION 15: REGULATORY INFORMATION

OSHA HazCom (US): Not classified as hazardous under 29 CFR 1910.1200.

TSCA (US): All ingredients are listed on the TSCA Chemical Substance Inventory or exempt.

SARA Title III: No ingredients are listed as SARA Section 302 EHS or Section 313 toxic chemicals.

CERCLA (US): No ingredients are listed as CERCLA hazardous substances.

California Prop 65: No ingredients are listed as California Prop 65 chemicals at reportable concentrations.

WHMIS (Canada): Not subject to WHMIS classification.

SECTION 16: OTHER INFORMATION

Revision Date: November 12, 2026
