Safety Data Sheet — TKB Lip Liquid — Honeyed Suede | OSHA HCS 2024 / GHS Rev 7

SECTION 1: Identification

Product Name:	TKB Lip Liquid — Honeyed Suede
Product Code:	TL-103
Intended Use:	Cosmetic lip color. Not for use as a food ingredient.
Restrictions on Use:	For external use only. Not for use in eye area.
Supplier:	TKB Trading, LLC | 939 E 11th St, Oakland, CA 94606
Website / Email:	www.tkbtrading.com | support@tkbtrading.com
Emergency:	Poison Control Hotline: 1-800-222-1222
Standard:	29 CFR §1910.1200, HCS 2024 / GHS Rev 7 | Revision: November 16, 2026

SECTION 2: Hazards Identification

GHS-US Classification:	Not classified as hazardous per 29 CFR §1910.1200 (HCS 2024).
GHS Label Elements:	No hazard pictograms. No signal word. No hazard statements required.
Other Hazards:	Not a dangerous mixture per GHS. Avoid contact with eyes. Keep from children.

Precautionary Statements:

P102:	Keep out of reach of children.
P233:	Keep container tightly closed.
P262:	Do not get in eyes, on skin, or on clothing.
P264:	Wash hands thoroughly after handling.
P270:	Do not eat, drink or smoke when using this product.
P280:	Wear protective gloves/eye protection as required.
P301+P312:	IF SWALLOWED: Call a poison center/doctor if you feel unwell.
P302+P352:	IF ON SKIN: Wash with plenty of water and soap.
P305+P351+P338:	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.
P337+P313:	If eye irritation persists: Get medical advice/attention.
P501:	Dispose of contents/container per local regulations.

SECTION 3: Composition / Information on Ingredients

Mixture. All components present at non-hazardous concentrations per HCS 2024 / GHS Rev 7.

Ingredient / INCI	CAS No.	CI No.
Ricinus Communis (Castor) Seed Oil	8001-79-4	—
Polyhydroxystearic Acid	58128-22-6	—
Iron Oxide Red	1309-37-1	77491
Iron Oxide Black	1317-61-9	77499
Iron Oxide Yellow	51274-00-1	77492
Titanium Dioxide	13463-67-7	77891

No components require disclosure as hazardous under HCS 2024 / GHS Rev 7 at concentrations present.

SECTION 4: First Aid Measures

General:	Remove from exposure. Call a physician if you feel unwell.
Inhalation:	Not an expected route. If vapor/mist inhaled, remove to fresh air. Seek medical attention if symptoms occur.
Skin Contact:	Wash thoroughly with soap and water. Remove contaminated clothing. Seek advice if irritation persists.
Eye Contact:	Rinse cautiously with water for at least 15 minutes. Remove contact lenses. Continue rinsing. Seek medical attention if irritation persists.
Ingestion:	Rinse mouth. Do not induce vomiting unless directed. Call Poison Control Hotline: 1-800-222-1222 if unwell.
Most Important Symptoms:	Possible eye/skin irritation from prolonged contact. No acute systemic toxicity expected.
Notes to Physician:	Treat symptomatically. No specific antidote.

SECTION 5: Fire-Fighting Measures

Flammability:	Not flammable under normal conditions.
Suitable Media:	Water spray, CO2, dry chemical, foam. Use media appropriate for surrounding fire.
Unsuitable Media:	Heavy water jet — may spread product.
Special Hazards:	Thermal decomposition may produce CO, CO2, and organic vapors.
PPE for Firefighters:	Self-contained breathing apparatus (SCBA) and full protective gear.

SECTION 6: Accidental Release Measures

Personal Precautions:	Wear PPE (see Section 8). Avoid skin and eye contact. Ensure adequate ventilation.
Environmental Precautions:	Prevent entry into drains, sewers, or waterways. Contain spill.
Containment & Cleanup:	Absorb with inert material (sand, vermiculite). Collect in labeled, sealed containers. Flush residue with water.
Reference:	See Sections 8 and 13 for PPE and disposal guidance.

SECTION 7: Handling and Storage

Safe Handling:	Use per intended cosmetic purpose. Avoid prolonged contact with skin/eyes. Wash hands after handling.
Hygiene Measures:	Do not eat, drink or smoke during use. Follow good industrial hygiene practices.
Storage Conditions:	Store tightly closed at 5–25°C (41–77°F), cool, dry, well-ventilated place. Protect from freezing.
Incompatible Materials:	Strong oxidizing agents; strong acids or bases.
Shelf Life:	24 months from date of manufacture when stored as directed.

SECTION 8: Exposure Controls / Personal Protection

OEL / OSHA PEL:	No OELs established for this mixture. No components exceed applicable PELs.
Engineering Controls:	General ventilation sufficient under normal use. Local exhaust where mist/vapor generated.
Eye/Face Protection:	Safety glasses with side-shields when handling bulk quantities.

939 E 11th St / Oakland/ California 94606
T 510 451 9011/ W www.tkbtrading.com

Hand Protection:	Chemical-resistant gloves (nitrile) when handling large quantities.
Skin/Body Protection:	Protective clothing when handling bulk quantities.
Respiratory Protection:	Not required under normal cosmetic use. NIOSH-approved respirator if mist/vapor limits exceeded.
Environmental Controls:	Avoid release to environment. See Sections 6 and 12.

SECTION 9: Physical and Chemical Properties

Physical State:	Liquid	**Flammability:**	Not applicable
Appearance:	Serum	**Vapor Pressure:**	No data available
Color:	Warm Tan / Nude-Brown Shade	**Vapor Density:**	No data available
Odor:	Mild, characteristic fatty	**Relative Density / SG:**	~1.0
Odor Threshold:	No data available	**Solubility:**	Insoluble in water; dispersible in oils
pH:	N/A	**Partition Coefficient:**	No data available
Melting/Freezing Point:	N/A	**Auto-ignition Temp.:**	No data available
Boiling Point:	No data available	**Decomposition Temp.:**	No data available
Flash Point:	No data — not classified flammable	**Viscosity:**	Viscous liquid

SECTION 10: Stability and Reactivity

Reactivity:	No known hazardous reactions under normal storage and use.
Chemical Stability:	Stable under recommended storage conditions.
Hazardous Reactions:	None known.
Conditions to Avoid:	Extreme heat, open flames, freezing, prolonged direct sunlight.
Incompatible Materials:	Strong oxidizers, strong acids, strong bases.
Hazardous Decomp. Products:	CO, CO2, and organic vapors under fire conditions. None under normal use.

SECTION 11: Toxicological Information

GHS-US / HCS 2024 Classification — Not classified for any toxicological endpoint.

939 E 11th St / Oakland/ California 94606
T 510 451 9011/ W www.tkbtrading.com

Endpoint	Classification / Notes
Acute Toxicity (Oral):	Not classified. Not expected to be acutely orally toxic at concentrations present.
Acute Toxicity (Dermal):	Not classified.
Acute Toxicity (Inhalation):	Not classified. Not a likely route of exposure under normal cosmetic use.
Skin Corrosion/Irritation:	Not classified. May cause mild irritation with prolonged contact.
Serious Eye Damage/Irritation:	Not classified. Avoid contact; may cause transient irritation.
Resp./Skin Sensitization:	Not classified. No known sensitizers at concentrations present.
Germ Cell Mutagenicity:	Not classified. Not expected to be mutagenic based on ingredients.
Carcinogenicity:	Not classified. No IARC/NTP/OSHA/ACGIH listings at concentrations present.
Reproductive Toxicity:	Not classified. Not expected to be a reproductive toxin.
STOT - Single Exposure:	Not classified.
STOT - Repeated Exposure:	Not classified.
Aspiration Hazard:	Not classified.

Likely routes of exposure: Eye/skin contact. Ingestion and inhalation are not expected routes under normal cosmetic use.

SECTION 12: Ecological Information

Ecotoxicity: Not fully investigated. Not expected to be harmful to aquatic organisms at typical use levels.

Persistence/Degradability: Castor oil and fatty acid esters are readily biodegradable. Colorants: no data.

Bioaccumulative Potential: No data available. Not expected to bioaccumulate significantly.

Mobility in Soil: No data available.

PBT / vPvB Assessment: Not assessed. Not expected to meet PBT or vPvB criteria.

Other Adverse Effects: Avoid release to environment. Does not contain fluorinated GHGs.

SECTION 13: Disposal Considerations

Waste Classification: Not classified as a hazardous waste per 40 CFR 261 as supplied.

Dispose of contents and container in accordance with federal, state, and local regulations. Do not dispose via drain or sanitary sewer. Consult local waste authority for guidance.

Contaminated Packaging: Empty containers may be recycled or disposed per local regulations. Do not reuse.

SECTION 14: Transport Information

DOT (49 CFR): Not regulated as a hazardous material.

IMDG (Sea): Not regulated.

IATA (Air): Not regulated.

TDG (Canada): Not regulated.

UN Number: N/A

Proper Shipping Name: N/A

939 E 11th St / Oakland/ California 94606
T 510 451 9011/ W www.tkbtrading.com

Hazard Class:	N/A
Packing Group:	N/A
Environmental Hazards:	Not classified as environmentally hazardous for transport.

SECTION 15: Regulatory Information

OSHA HCS 2024:	Not classified as hazardous per 29 CFR §1910.1200 (HCS 2024).
TSCA (US):	All components listed or exempt from the TSCA Chemical Substance Inventory.
CERCLA / SARA 302:	No components subject to Section 302 Extremely Hazardous Substance reporting.
SARA 311/312:	No OSHA-defined hazards applicable.
SARA 313:	No components subject to Section 313 Toxic Release Inventory reporting.
Clean Air Act:	No Class I/II ODS; no HAPs at reportable levels.
Clean Water Act:	No components listed as hazardous substances under CWA Section 311.
California Prop. 65:	No chemicals known to cause cancer, birth defects, or reproductive harm at listed concentrations.
WHMIS 2015 (Canada):	Not classified as a controlled or hazardous product.
EU CLP / REACH:	Not classified as hazardous. Complies with EU Cosmetics Regulation (EC) No. 1223/2009.
FDA:	Colorants are FDA-certified and comply with 21 CFR Parts 70-82 for cosmetic use.

SECTION 16: Other Information

Revision Date:	November 16, 2026 | Version: 1.0
Abbreviations:	GHS: Globally Harmonized System | HCS: Hazard Communication Standard | STOT: Specific Target Organ Toxicity | PBT: Persistent Bioaccumulative Toxic | OEL: Occupational Exposure Limit | ODS: Ozone-Depleting Substance

The information in this SDS is correct to the best of TKB Trading's knowledge at the date of revision. It is provided as guidance for safe handling, use, storage, transportation, and disposal only, and does not constitute a warranty or quality specification. Users are responsible for determining suitability for their specific applications.
