

SAFETY DATA SHEET

1. Identification

Product Identifier Vitamin E Acetate (S)

Recommended Use: --

Manufacturer Information:

TKB Trading
939 E 11th St
Oakland, CA 94606

www.tkbtrading.com
support@tkbtrading.com

2. Hazards identification

Hazard Classification Not classified

Label elements The product does not require a hazard warning label

Hazards not otherwise classified High risk of slipping due to leakage/spillage of product. The product does not contain a substance fulfilling the PBT (persistent/bioaccumulative/toxic) criteria or the vPvB (very persistent/very bioaccumulative) criteria.

3. Composition/information on ingredients

Chemical Name:	CAS No.	Concentration (w/w)*
dl- α -Tocopheryl Acetate	7695-91-2	100%

Remarks: *The data is based on average.

4. First-aid measures

Description of first aid measures

Inhalation: Remove to fresh air, call a physician if necessary.

Skin contact: Remove contaminated clothes. Wash thoroughly with soap & water. If irritation develops, seek medical attention.

Eye contact: Wash affected eyes for at least 15 minutes under running water with eyelids held open. If irritation develops, seek medical attention.

Ingestion: Rinse mouth and then drink plenty of water. Never give anything by mouth to an unconscious person.

Most important symptoms and effects, both acute and delayed

Symptoms: No specific symptoms known

Indication of any immediate medical attention and special treatment needed

Note to physicians: Treat symptomatically

5. Fire-fighting measures

Extinguishing media

Suitable Extinguishing media: Water spray, carbon dioxide, foam, dry extinguishing media.

Unsuitable Extinguishing media: None known

Special hazards arising from the substance or mixture

Hazard during fire-fighting: Carbon oxides, harmful vapours.

Special protective equipment or precautions for firefighters

Firefighters should be equipped with self-contained breathing apparatus and turn-out gear.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

Wear suitable protective clothing.

Environment precautions: Do not discharge into drains/surface water/groundwater.

Methods and material for containment and cleaning up

Pick up spilled material and containerize for recovery or disposal.

7. Handling and storage

Precautions for safe handling Ensure adequate ventilation.

Conditions for safe storage, including any incompatibilities Keep container tightly sealed. Protect contents from light, humidity, and heat.

8. Exposure controls/personal protection

Occupational exposure limits Not exposure limits value known.

Appropriate engineering controls Provide local exhaust ventilation to control vapours.

Personal protective measures

Eye/face protection: Safety glasses with side-shields.

Skin and body protection Protection must be chosen based on level of activity and exposure.

Respiratory protection No personal respiratory protective equipment normally required, Wear respiratory protection if ventilation is inadequate.

General safety and hygiene measures: Handle in accordance with good industrial hygiene and safety practice. Wearing of closed work clothing is recommended. Wash soiled clothing immediately.

9. Physical and chemical properties

Physical state: A viscous oily liquid

Color: Clear, yellow or slightly greenish-yellow

Odor: Odorless

Odor threshold: Not available

pH: Not applicable

Boiling point: >300 °C

Initial boiling point and boiling range: Not applicable

Flash point: Approx.260 °C

Evaporation rate: Not applicable

Flammability: Not highly flammable

Upper/Lower flammability or explosive limits: Not available

Vapor pressure: Approx.1.4 mbar (approx.240°C)
Approx.4.0 mbar (approx.270°C)

Vapor density: Not applicable

Density: 0.95~0.96 g/cm³ (approx.20°C)

Water solubility: Insoluble

Auto-ignition temperature: 303 °C
Decomposition temperature: Not available

10. Stability and reactivity

Reactivity: No hazardous reactions if stored and handled as indicated.
Chemical stability: The product is stable if stored and handled as indicated.
Possibility of hazardous reactions: None if used for intended purpose.
Conditions to avoid: Avoid direct sunlight. Avoid heat.
Incompatible materials: Strong acids and strong bases. Strong oxidizing agents
Hazardous decomposition products: No hazardous decomposition products if stored and handled as indicated

11. Toxicological information

Information on the likely routes of exposure: Routes of entry for solids and liquids are ingestion and inhalation but may include eye or skin contact. Routes of entry for gases include inhalation and eye contact. Skin contact may be a route of entry for liquefied gases.

Acute toxicity: LD₅₀ > 10,000mg/kg (oral, rat)
Irritation/corrosion: Non-irritant
Skin irritation: Non-irritant
Eye irritation: Non-irritant
Sensitization: Non-Sensitizing
Mutagenicity: No data available.
Carcinogenicity: No data available.
Reproduction toxicity: No data available.
Symptoms of Exposure: No data available.

12. Ecological information

Ecotoxicity:	Quantitative data on the ecologic effect of this product are not available.
Persistence and degradability:	Inherently biodegradable.
Bioaccumulative potential:	No data available.
Mobility in soil:	No data available.

13. Disposal considerations

Waste disposal of substance:	Do not discharge into waterways or sewer systems without proper authorization. Dispose of in accordance with national, state and local regulations.
Container disposal:	Empty containers should be taken to an approved waste handling site for recycling or disposal.

14. Transport information

Land transport:	Not classified as a dangerous good under transport regulations
Sea transport	Not classified as a dangerous good under transport regulations
Air transport	Not classified as a dangerous good under transport regulations

15. Other information

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
